

Enterprise Conference 2009

Workshop Feedback

www.moneysense.rbs.co.uk

I attended Financial Education and Business Links, which was held by RBS. This workshop looked at the online resource Moneysense for schools, which I have used in the past. This web based resource is aimed at 11 to 18 year olds. The resource is free to schools. There are 4 areas - 11 - 14 year olds, 14 - 16 year olds, 16 - 18 year olds and Teachers looking at the basics of banking to financial management.

This is a really good resource with lots of printable materials, short videos of pupils talking about financial matters, you can even use a computer based ATM, which will be great for the pupils on Tiree as we don't have one on the Island. There are CPD sessions available for teachers. Tiree has even been sent the Gaelic version in Primary.

There is also a paper based activity which could be used as an Enterprise activity which lasts half a day. The easiest way to find out more is to log on and explore the site yourself.
